## Physician Believes a Genuine Remedy for the Disease Has Been Found.

RHEUMATISM

Rheuma, the wanderful rheumatism remedy sold by Lee & Oegood and all druggists, gives quicker and more lasting reflect than other remedies coatling many times as much.

Theuma gets at once into the blood and purifies it, allowing it to feed freely into the veins and arteries and passes the deadly polsonous storetions into the bowels and kidneys, from which they are quickly thrown off in a natural, healthy way.

Read what a reputable physician says about Rheuma: "I have made a most careful investigation of the formula employed in the manufacture of theums, and I heartly recommend it as a remedy for all forms of rheumanism, goat, and complications arising from neglect of these diseases in their early stages. On the basis of the formula used alone, I find Rheumafar in advance of the methods generally employed in the treatment of rheumatism, and altogether different in composition from the remedies usually prescribed."

This should give any sufferer from rheumatism confidence in trying theuma. It is so inexpensive you cannot afford to do without it.
